NOTICE

STATE OF NEW HAMPSHIRE

L. S.

To the Inhabitants of the Town of Hooksett, State of New Hampshire, in the County of Merrimack, in said State, Qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hooksett, N. H., on Tuesday the 9th day of March next, at ten thirty (10:30) of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see if the town will vote to give a discount of 2% on all taxes, except poll taxes, paid on or before the 15th day of July.
4. To see if the town will vote to raise and appropriate a sum of money for the observance of Old Home Day.
5. To see if the town will vote to raise and appropriate a sum of money necessary to secure State Aid, to help in the white pine blister rust in town.

6. To see if the town will vote to establish the following street lights, and raise and appropriate a sum of money annually, for the maintenance of same. One at the top of Ela's hill. One at the corner of road leading to the Welcome residence, as petitioned for by William J. Welcome and thirty-five others. One at the corner of Mammouth and Morrill Roads, and one near the house of E. G. Linehan, as petitioned for by L. B. Morrell and fifteen others. One on the Daniel Webster Highway half way between Thompson's Corner and the light north of Frizzell's, and one on Merrimack Avenue, half way between Thompson's Corner and the residence of Mrs. Blair, as petitioned for by Mrs. M. F. Mottram and twelve others. One on West Hale Avenue

7. To see if the town will vote to accept the street known as West Hale Avenue.

8. To see if the town will provide a suitable sidewalk on the East side of Hooksett Village on Common Avenue, so-called, from the Bridge to Dundee Mills by repairing walk now laid, and building new walk between the residence of John F. Rowell and Dundee Mills. Selectmen to provide location for new walk between said Rowell's and Dundee Mills, as petitioned for by John B. Mulaire, and fifteen others.

9. To see if the town will vote to raise such sums of money as recommended by the New Hampshire Highway Department for State Highways.

10. To see if the town will vote to accept the Budget as a whole, or a part.

11. To transact any other business that may legally come before said meeting.

Given under our hand and seal, this twentieth day of February, in the year of our Lord nineteen hundred and twenty-six.

To the Citizens of the Town of Hooksett, N. H.:

I am submitting the first report of the Tax Collector of your Town, in and doing so, have endeavored to make as explicit and clear as possible, in a limited space, to have expense in the annual town report. My books were audited by certified accountant, (Clarence I. Drayton) and additions were made for taxes not listed in my books, but collected and turned over to Treasurer, also abatements were added, which should have been abated January 31, in report of 1925. As they appear somewhat large, explanation of these should be made. All soldiers being exempt on real estate for \$1,000 and exempt of poll tax, my books in that year carried full amount of property tax and poll tax through error of Chairman of Selectman 1924, when collections were made, the Tax Collector had to abate said amount of \$31.30 on real estate and \$5.00 on each Soldier's real estate and poll tax. No such error appears in 1925 and correct amount of warrant minus a few abatements,

appears on same. Figures and amount of all discount and abatement are open for inspection at the collectors office, and can be seen and verified at any time by any citizen.

Respectfully submitted,

GEO. W. LARONDE,
Tax Collector.

Report of Town Audit

HOOKSETT, N. H., January 19, 1926.

To the Taxpayers of the Town of Hooksett:

In compliance with your wishes, as expressed by your vote at the Town Meeting, held March 10, 1925, the undersigned committee employed Clarence I. Drayton, a certified Public Accountant, of Manchester, N. H., to examine the Town Records for the past four years.

The report of his findings, as a result of his examination, is on file with the Town Clerk and may be examined by any interested tax payer. We submit herewith a copy of his letter of transmittal giving a general statement of his findings and recommendations, also a copy of the balance sheet as of January 31, 1925.

On account of the condition of the records of the Tax Collectors for the above period, it was found advisable to give same special attention in an attempt to reduce the amount of unpaid taxes outstanding as per the Town Records.

We submit herewith a supplemental report to be appended to the above report, showing the final result of our attempt to clean up the outstanding taxes. This work was done in conjunction with the Selectmen and the Accountant.

It will be noted that the Tax Lists for the years 1921 and 1922 have been fully accounted for and closed on the books.

It will also be noted that the Tax List for 1923 has been fully accounted for with the exception of \$154.11 which we have recommended to the Selectmen to abate, thereby closing the account for the year 1923.

The town was also successful in collecting from the Surety Company, the amount of \$900.00 for taxes lost through the negligence of the Tax Collector for 1923 to collect the same.

Interest was collected on the overdue taxes in compliance with the law. It was found that the town had failed to collect interest on overdue taxes in the years past. It is the understanding of the committee that the present tax-collector is collecting interest on all overdue taxes.

The amounts collected by the tax collectors for the years 1921, 1922, and 1923, in addition to that received from the Bonding Company will exceed \$2,500.00, part of which is a result of this audit of the Town Books, and which might have been lost if steps to collect same had not been made at this time.

Whereas, the amount expended to accomplish this result is considerable, we believe it to have been a good investment for the Town and one which will be beneficial to the Town in the future as well as having been so in the past.

We wish to thank the State Tax Commission, Selectmen and other Town Officers for the assistance and coöperation given by them to the Accountants and this Committee.

Remarks

The library has been well patronized during the past year. It has been open every week except one, then the librarian was at Plymouth Normal School. We have had a large number of magazines donated this year, which are very interesting and helpful. Our books have been selected by trained librarians, so we feel sure they will be appreciated by the patrons of the library. We wish that some of our good men would follow the example of the late Mr. Cox, one of our trustees, and give something for a library fund, the interest of which could be used for the purchase of books. The town appropriation is not large enough to keep our patrons supplied with reading. A number of books have been given this year. We assure our friends that they are very much appreciated. We wish to thank all who have helped the library in any way.

REPORT SCHOOL BOARD

1925-1926

Remarks

The School Board, in making their annual reports, wish to state that they have tried to extend the appropriation of the town wisely and with no greater increase in expenses than the average increase in personal and public expenditures during the same period of time.

Minor repairs have been made in all buildings when deemed absolutely necessary.

At the annual District meeting, March 14, 1925, Forrest W. Evarts was re-elected a member of the board.

At this meeting it was voted to raise and appropriate a sum of money not to exceed \$14,000, for a three room school house at Martin's Corner, and the same was erected during the Summer and Fall of 1925.

We appreciated the co-operation of Superintendent, parents, teachers and all who have been interested in the work we are doing for our schools.

REPORT OF

Superintendent of Schools

To the School Board and Citizens:

I herewith submit my sixth annual report of the schools of Hooksett.

There were maintained during the year, nine schools, for a school year of 36 weeks with no change in the teaching force.

The total school enrollment was 275, (134 boys and 141 girls) with a daily average attendance of 95%, a gain of 1% from last year.

The schools were in session on an average, 346.56 half-days showing a loss over last year of 4.04 half-days.

The schools are making a wholesome growth; are well supplied with text-books and scholars' supplies and are taught by industrious and faithful teachers.

The various standardized tests given throughout the year show that our schools are up to the standard attainment of similar schools over the country.

The school board is keeping the buildings in good repair and in a sanitary condition, thereby helping to keep the schools free from epidemic diseases.

HEALTH INSPECTION

Health inspection has been conducted as in former years; defects noted, and cards sent to the parents who, in a few cases, have had these defects corrected, keeping the child both in health and in class standing.

A number of parents take no heed of these cards and the children return with adenoids, decayed teeth, enlarged tonsils, and without properly fitted glasses.

The school authorities have employed a district nurse for part of the coming year, with the hope that she may be able to interest the parents more fully in the health, welfare, and health habits of their children

TEACHERS' MEETINGS

Several teachers' meetings were held during the year and were well attended by the teachers.

The speakers at these meetings were Commissioner E. W. Butterfield, Superintendent L. J. Rundlett of Concord, Superintendent F. E. Pitkin of Epping, Miss Phila Griffin, State Agent for Rural Schools of New Hampshire, and Miss Bernice Batchelder of Massachusetts.

The teachers have been deeply interested in these meetings and have expressed themselves as being greatly benefited by them.

The school board and citizens are cordially invited to attend these meetings.

THE FUNCTION OF THE SCHOOL

At the present time when every conceivable subject seems to be knocking at the door of the school, asking or demanding admittance, it is important to have a true knowledge of the function of the school, and a clear conception of the work which it should do.

Most of these demands are for objects which are desirable and beneficial but are not legitimate demands upon the school.

The school is but one of the five great social organizations whose duty it is to help the people, each in its

own particular way, and the best results are obtained when each performs its own distinctive duty.

Delinquent parents expect of the school work which is the legitimate duty for the home.

The church, whose duty is the spread of righteousness in the world, makes illogical demands of the school.

Business demands a degree of skill and proficiency which is not the function of the school to confer or develop.

The State demands of the school that it shall send forth law abiding public spirited citizens.

Unquestionably the school has an obligation here, but it is too much to demand such results of the school, in the face of law breaking practices in the home, dishonest business methods in the markets and graft and misrule in State and Nation.

These five institutions must mutually re-enforce one-another.

The work of school does and will count in all the others, but it will count more fully when it is free to do its own work in the most effective way and is not burdened with demands which are not its province to render.

The one distinctive function of the school is the development of the entire child physically, mentally, and morally; to train so, that the child may develop the power of clear thinking, which will give mastery over his conduct and ability of adjustment in the varying changes of life.

Whatever tends to enlarge development of the child: art, music, health exercise, manual training, etc., has its place and should be considered as important school work.

Parents and citizens are cordially invited to visit

the schools frequently

In conclusion I express my appreciation for your co-
operation and assistance.

Respectfully submitted,

HENRY S. ROBERTS,
Superintendent of Schools.
